SiCi the meme-coin starts the journey to be the best meme-coin he can be in the Land of Crypto.

He seeks to take the power away from bad coins that are infected with "rug pull"

Song Text

[Verse] In the stars twinkling bright Young SiCi takes his flight Crypto world in his sight Ready to fight the good fight

[Verse 2] Bad coins lurking in the dark SiCi's got a brave heart Starting fresh making his mark Whispers of fame at the start

[Chorus] Oh SiCi flying high Sweeping bad coins from the sky Bringing truth no more lies Young hero in our eyes

[Verse 3] Space dust in his wake Every challenge he will take For the good make no mistake SiCi's here for our sake

[Bridge] Feel the beat in the night SiCi shining so bright Love and dreams in his light Crypto world set right [Chorus] Oh SiCi flying high Sweeping bad coins from the sky Bringing truth no more lies Young hero in our eyes
